I. CALL TO ORDER

The Tele-Conference meeting was called to order at 1:00 pm by Vice Chairman, Charles Colby. Other members present were: Daniel Fraro, Mark Marschall, and Stephen Getman. Also present was Steven Jacobs, Sanitarian.

II. SOMERSVILLE WPCF - Pilot Project

Mr. Jacobs reported that DEEP has responded to our request for information. They said the disinfection system can be designed in-house, but suggest we hire a consulting engineer. They do not have a pre-qualified list of engineers. Funding is limited if in-house design used. They will not extend the timeline of compliance stated in the Draft Permit. The Authority discussed our options and would like Mr. Jacobs to research a cost estimate for adding dechlorination to the proposed disinfection system and wish to formally appeal the strict timeline in the Draft Permit due to the Covid pandemic.

A motion was made by Mr. Marschall to formally appeal the Draft Permit to the DEEP Commissioner and request a doubling of the compliance timeline, , 2nd by Mr. Getman, all in favor, motion passed.
